BEFORE THE BOARD OF OIL, GAS
AND MINING DEPARTMENT OF
NATURAL RESOURCES
STATE OF UTAH

IN THE MATTER OF TENTATIVE
APPROVAL OF THE UPDATED
MINING AND RECLAMATION
PLAN SUBMITTED BY GEORGIA-
PACIFIC CORPORATION, SEVIER

The State of Utah to all
operators, takers of production,
mineral and royalty owners, and
particularly all persons interested
in sections 12, 13, 21, 22, 27, 28,
33, and 34, Township 22 South,
Range 1 West; Sections 4, 5, 7, and
8, Township 23 South, Range 1
West; and Section 30, Township 19
South, Range 2 East, SLBM, Sevier
and Sanpete Counties, Utah.

Notice is hereby given that
tentative approval was given by the
Division of Oil, Gas and Mining on
September 22, 1987 to Georgia-
Pacific Corporation to continue
surface mining operations in
Sevier and Sanpete Counties.
Exact legal descriptions are
referenced in the preceding
paragraph.

The name of the mining
operation is the Georgia-Pacific
Gypsum Quarry, and the person
representing the company is Mr.
D.C. Corkill, Plant Manager, P.O.
Box 68, Sigurd, Utah 84657.

Georgia-Pacific Corporation
has fulfilled obligations under the
Utah Mined Land Reclamation Act
of 1975 (Section 40-8, UCA 1953,
as amended) with specific
reference to Section 40-8-13 and
will employ the following mining
and reclamation techniques on
approximately 50 acres of private
and federally owned (BLM) land.
During Operations

Haul roads will be constructed
to the deposit and the gypsum will
be drilled and blasted in 2020

benches. The broken rock will be
hauled to the Sigurd Plant for
processing. Available topsoil will
be saved and stockpiled for future
reclamation.

Following Operations

All areas mined out from 1975
to the present will be reclaimed
within the next five years. Current
and future operations will be
reclaimed within one year after
completion of quarrying a deposit.

Reclamation of the quarries is
to consist of regrading the
disturbed area so that it blends in
with the surrounding terrain.
Stockpiled topsoil will be placed
upon the regarded area, then the
area will be ripped with a dozer and
broadcast seeded with native
vegetative species. Haul roads
which do not have a postmining
use will be reclaimed in the same
manner.

Any person or agency
aggrieved by this tentative
decision hereby requested to
submit written protest with in
thirty (30) days of the date of
publication to the Division of Oil
and Mining, 355 West North
Temple, 3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203
setting forth factual reasons for
his or her complaint, and
thereafter, at a time and place to
be established, appear before the
Board of Oil, Gas and Mining to
show cause, if any, why this min
plan should not be approved.
